GUEST PRESENTATION

Collision Scene Management and Risk Mitigation

Mike Hinsperger

Frontline Commercial Vehicle Solutions

Mike Hinsperger will walk carriers through what to expect at a commercial vehicle collision scene, which evidence to preserve and how different collisions can affect a company's CVOR. He'll share practical steps to reduce civil liability and explain how civil proceedings differ from provincial offences.

A real case study shows how onboard camera footage can help establish what happened and support a carrier's position when its CVOR is at stake.
