

Advance Your Career in Fleet Safety Leadership

Certified Director of Safety (CDS) & Certified Safety Supervisor (CSS)

September 21–25, 2026 – Mississauga, Ontario

The Fleet Safety Council is proud to host the NATMI Certified Director of Safety (CDS) and Certified Safety Supervisor (CSS) programs, well respected professional designations in North American fleet safety management.

About the Program

Participants will complete two core NATMI courses:

- *Motor Fleet Safety Basics*
- *Managing Motor Fleet Safety Programs*

These courses provide the knowledge and practical tools to design, implement, and manage effective fleet safety programs. Graduates are prepared to lead safety initiatives, demonstrate return on investment, and enhance their organization's safety culture.

Who Should Attend

Fleet, safety, and compliance professionals seeking to:

- Strengthen their leadership credentials
- Develop advanced safety program management skills
- Earn internationally recognized NATMI certification

Certification Requirements

- **CSS:** Minimum of 2 years in fleet safety or related field
- **CDS:** Minimum of 5 years in fleet safety, or 4 years with a college degree, or 5 years in CMV enforcement
