

CDS-C / CSS-C NATMI Certification Program

At **Intact Insurance**, supporting industry-leading education aligns with our commitment to helping our transportation partners build safer, more resilient operations across Canada.

We're pleased to collaborate with the **Fleet Safety Council** to host the **Certified Director of Safety (CDS-C) & Certified Supervisor of Safety (CSS-C)** NATMI certification program. This in-person training program brings internationally recognized certification directly to Canadian fleet and safety professionals, offering tools to strengthen performance, compliance, and safety culture.

Event details:

Date: Monday, February 2, 2026, to Friday, February 6, 2026

Time: 8:00 am to 5:00 pm

Location: Intact Insurance – 2 Prologis Blvd., Suite 100, Mississauga, ON L5W 0G8

Who is the program for?

Applicable for fleet and safety leaders, this program combines NATMI's Motor Fleet Safety Basics and Managing Motor Fleet Safety Programs, adapted specifically for the Canadian legal and operational environment. Participants will develop advanced knowledge of fleet safety management and compliance under federal and provincial legislation.

What topics will be covered?

- ESDC and provincial labour requirements
- MTO and NSC compliance and record-keeping
- Collision reporting and analysis
- Injury prevention and early-return-to-work programs
- Driver hiring, retention, and performance management
- Building proactive safety culture frameworks

Spaces are limited. If you are interested in attending, contact rickb@fleetsafetycouncil.com by January 23rd to register for the program. FleetSafetyCouncil.com
